

**ENTERPRISE
EXPRESS
CARE**

When it's not an emergency, but still an urgency.

Family practitioner **Walter J. Lawrence, M.D.**, is the director of Enterprise Express Care, an acute care clinic that provides same-day care for those minor medical problems that may be too small for the emergency room, but too big to ignore. Enterprise Express Care welcomes both scheduled and walk-in patients.

Dr. Lawrence looks forward to partnering with his patients to make a positive difference in their lives. **He is now accepting adult and children family practice patients. Call 334-348-8818 today for your appointment.**

Know where to go in an emergency.

When you need health care fast, do you know when to use Enterprise Express Care instead of the emergency room? The express care clinic supplements your family physician's care if you're unable to get an appointment, while the ER offers help for accidents or illness not treatable at your physician's office, or in matters of life or death. Keep this guide on hand so you'll know where to go when it matters most.

Enterprise Express Care should be used for:

- Allergies
- Cold, Flu, Fever, Cough, Sore Throat, Pink Eye
